**LAC Meeting Dates**

Our May Installation of Officers meeting was fun. Your new slate of LAC officers:

President: Sandy Blackwell  
Treasurer: Norbert Knapp  
Secretary: Sandra Knapp  
VP Travel: Laura Priess  
VP Membership: Gena Lighthouse  
VP Programs: Iris Williams  
VP Communications: Hans Daerendinger

Reminder: The next LAC meeting is set for Monday, July 3rd at 7:00 p.m. via Zoom. We will be updating you on the Convention in Boise, and awards received – hopefully! Also, request for information if any club officers would like to attend a Summer luncheon in August, so I can get that planned. Lastly, any summer events going on.

Also, I would like to thank our clubs that are sending in their LAC membership forms – which includes their updated officer information, and the dues. Thank you for your continued support and joining LAC in another fun year.

**Summer Fun**

Have not heard much yet, as some of the clubs are still skiing at Mammoth.

There are water ski trips (Century City), bike trips, hikes, some happy hour get-togethers. I am sure there will be more announced soon.

**Steamboat 2024**

There is still lots of room left to sign up for Steamboat 2024 (Jan 27-Feb 3, 2024). It's still early, but reservations come in all the time. We have 40 pillows – mostly 2 bed/2 bath condos, but some hotel lodging also. See the flyer in this newsletter.

**Convention 2023 – Boise**

What a great event and turn out. A few highlights: Top Golf is a blast, and the pub crawl could not have been better. More in the article inside.

**LAC SKI WEEK TO STEAMBOAT SPRINGS**  
**Laura Preiss**

Hi Skiers!! Come to Steamboat with LA Council. It is time to start scheduling your 2023-24 ski season. LAC is going with FWSA to Steamboat Springs, Colorado January 27 to February 3, 2024.

Steamboat Springs is a complete mountain range: Mount Werner, Sunshine Peak, Storm Peak, Thunderhead Peak, Pioneer Ridge, and Christie Peak. It has a 15-year average snow fall of 338 inches. Steamboat has a 36,619 skiers per hour uphill capacity utilizing their 8-passenger gondola, high speed 6 pack, 5 high speed quads, 6 triple and 2 double chairs.

Steamboat Springs is located on 2,939 acres, with a base elevation of 6,900 feet and a summit elevation of 10,568 feet. Steamboat's vertical rise is 3,668 with 165 trails including a gladed tree area. The mountain is 14% Beginner, 42% intermediate, a 44% advanced.

I can help you with putting together the best ski package for you.

1. There are two payment options for trip payments – credit card or check.

2. The trip includes 7 nights lodging at either a Hotel or a Ski in/Ski out condo with a kitchen.

3. If you have not yet purchased your IKON pass, you will be able to get a trip discount when you buy the IKON pass from SportsAmerica.

4. If you are not planning to purchase an IKON or EPIC pass this year, the trip package can include lift tickets for 1 day or 6 days. Adult and senior pricing is available.

5. Air into the local Hayden airport and ground transportation to your lodging can also be added to the package.

6. The LA Council trip will also include a Welcome Party, a Banquet Dinner and Dance, and Council Dinner Party.

7. You can challenge yourself on a GS Race and a Council Challenge Race if you enjoy running gait.

I hope you add Steamboat to your Winter calendar. Email rokkaracers@aol.com or call Laura at 818-800-3166 with your questions. ☺

## FWSA CONVENTION 2023 IN BOISE, IDAHO SANDY BLACKWELL

Far West Ski Association's annual convention held in Boise, Idaho. It started off with a great meal.

Wednesday evening started off with a visit to Ansots, a Basque restaurant not far from The Grove Hotel in the basque market area. Dan Ansotegui, the owner and chef, was in the running for the 2023 James Beard Award. Sadly, he did not win. Nonetheless, a wonderful chorizo and seafood paella was the main dish of the evening for our party of 20, and served with a flavorful red Spanish wine.

Thursday brought us the infamous Pub Crawl. A group of about 60 headed out in a few directions to a couple of the local brew pubs in downtown Boise and had a great time. Finally ending up at the Basque Market for a nice dinner and some great drinks.

Friday was Top Golf, in lieu of typical golf course. It is very different though, all computerized. You can play on a variety of courses. The neat thing – the speed of your ball and distance are instantly calibrated, and WOW some of the drives were awesome. Sadly, the thrill of getting that little white ball into the hole is just not there.

Friday evening and the Silent Auction kickoffs the convention. The Silent Auction raised over \$21,000 from the attendees at the auction. What a great event it was. We also had a new MC for the evening, Austin Von Johnson. A nice young man, with a big and wild imagination. Improvisation, comedy, actor, writer, he does it all, and well. He was a great asset for the evening.

Saturday is where the real nuts and bolts of these conventions is done: Official opening meeting, and here we go. Sports Leadership Academy this year had some two great speakers, "Group Travel Secrets – Details Determine Destiny", presented by VP International Travel, **Debbie Stewart**, and "Preserving Ski Club History - Ease of Preparing a Digital History Book", led

by **Tony Baker** and **John W. Lundin**.

The keynote speaker was Genia Fuller-Crews and she is a bundle of energy! A small lady with a big happy attitude about skiing, skiing history and snow dancing from her past and was that fun to watch on video. She is a World Freestyle Champion and Honored Member of the U.S. Ski and Snowboard Hall of Fame inductee.

The Los Angeles Council Volunteer of the Year, **Pete Smith** from Wailers Ski Club, was a great candidate, lots of experience, lots of adventure in his resume, but there was one just a bit better, so alas, Pete did not win. LAC was proud to present such a worthy candidate for Volunteer of the Year. Our clubs should be proud of his representation.

Some awards for Los Angeles Council: Our website – 3rd place, our newsletter – 1st place (thank you **Gordon Cardona**); and Century City Ski Club received the award for Historic Club (for over 50 years).

Smooth Avenue was the local band that entertained us after the Saturday night dinner, and with 70's and 80's rock n roll, some jazz, some slow dancing. It was a wonderfully fun evening.

Sunday, many attended the 7:00am (way to early!) traditional eye opener, then headed out to attend the FWSA Election meeting starting at 8:00am. Great meeting, we accomplished a lot, yet there were a few interesting developments – **Debbi Kor** has one more convention in her, at the Atlantis in Reno (maybe 2 more??). **Randy Lew**, the FWSA Treasurer for many, many years, did not take the position as the incumbent. FWSA has big shoes to fill there, and luckily a few people are looking at how they can handle that board position.

All in all, with all the work, fun and pomp and circumstance of this convention, as usual, it was a great long weekend. ☺

**LAC GOOSE & BEAVER  
METAL SCULPTURES MISSING  
SANDY BLACKWELL**

**REWARD OFFERED!!!**

I need your help! It was brought to my attention that LAC is missing the Goose and the Beaver metal sculptures that were given to the Council many, many years ago by the Canadian Bureau of Tourism. Typically, these sculptures were given to the then current years' Man or Woman of the Year. A list of those recipients is here.

I know I had one or both for a year, **Kay Collins** did also. I know they were passed to the next winners of Man and Woman of the Year. But, at some point, they did not return to be passed on to the next winners. They have been missing for at least 6+ years. We do need to find them, they are part of the Council's heritage and the Council's property.

Here is what I am offering: To whoever finds them, or knows where they are, AND LAC recovers both of them – No Questions Asked – There is a \$100 gift card for that person (or \$50 each if it is two people).

My guess is that whoever has them may not even recall they have them, or they are tucked away in a closet or attic somewhere. We would like to have them back, so PLEASE, if you think or know you had them at one point - PLEASE PLEASE check to see if you still do have them somewhere.

My recollection is that the goose was in flight with the wings up a bit, while the beaver was sitting on a log munching on something, and they are very heavy. We would really like them back. Thank you for your help. ☺
